Paper title

Main author*, Co-author[†]

Abstract

A one paragraph abstract of no more than 400 words must be included at the beginning of the manuscript. It should be a summary and complete in itself (no references to the main body of the manuscript). The abstract should indicate the subjects dealt within the full text and should state the objectives of the investigation. Newly-observed facts and conclusions of the experiment or argument discussed in the full text must be stated in this summary. Readers should not have to read the full text to understand the abstract. The abstract can be an updated version of the one submitted at the call-for-abstracts but its contents must not differ substantially from the later.

Major headings

Major Headings must be in Title Case and Bolt, Times New Roman 12 or similar, in left side.

Subheadings

Subheadings are bolted and in italic style, placed flush on the left band margin of the column.

Sub-subheadings

Sub-subheadings are underlined and indented

References

List and number all the bibliographical references at the end of the full text, in the order of appearance

Equation Numbers

When numbering equations, enclose numbers in brackets and place flush right with the right hand margin of the column.

$$\vec{F}_{12} = -G \cdot \frac{m_1 \cdot m_2}{\|\vec{r}_1 - \vec{r}_2\|} \cdot \hat{u}_{12} \quad (1)$$

Illustrations and Captions

It is important to remember that all artwork, captions, figures, graphs and tables will be reproduced exactly as you submitted them. (Company logos and identification numbers are not permitted on your illustrations).

Figure 1: Title of the figure, left justified, subsequent text indented. Place figures as close as possible to the first references to them in the manuscript. Use only black and white image. Font: Times New Roman 9.5.

Graph Lines, Drawings and Tables

Captions, graph axes, legends, etc. should be large enough to remain readable.
